

20 – 23 April, 2026  
Ivanjica, Serbia

# PTEP 2026

## XXXVIII SCIENTIFIC AND PROFESSIONAL CONFERENCE PROCESSING AND ENERGY IN AGRICULTURE

Energy Bioeconomy Biofuels Sources  
Food Agriculture Sustainability Food  
Feed New Sustainability Food  
Agriculture Novel Energy Feed Waste Circularity  
Renewable Emerging

**TOPICS:**

- Advanced post-harvest technologies of agricultural materials;
- Energy efficiency and renewable energy sources in agriculture and food industry;
- Biogas, biomethane, hydrogen, natural gas
- Biotechnology
- Advanced seed processing technologies;
- Sustainability of food technologies (economy, quality, energy, social aspects, integral and organic production, etc.);
- Technical and technological aspects of food safety for humans and animals;
- Innovations in food technologies and aspects of the food quality chain;
- Physical properties of biomaterials and food;
- Education in post-harvest and food technologies;
- Trends in agricultural development;
- Process control and
- Heating and air conditioning.

PTEP 2026 is organized by **National society of processing and energy in agriculture** and **Faculty of agriculture**, Department of agricultural engineering, University of Novi Sad

The Conference is co-organized and supported by **ISEKI - Food Association** (European Association for Integrating Food Science and Engineering Knowledge into the Food Chain).

**ACCOMMODATION**

Accommodation recommended by Conference organizers:

Hotel „Park“, Ivanjica, Serbia, <https://parkivanjica.rs/> Approximate prices for three nights, full board (three meals per day, buffet style), including gala dinner are provided in table:

Room	1/1	1/2
EUR	190	165

The accommodation package starts with lunch or dinner on April 20th and ends with breakfast or lunch on April 23rd, 2026.

Reservations for accommodation should be arranged directly with the hotel.

Registration form is available on the website [Registration form](#)

(<http://www.ptep.org.rs/skupovi.html>) and should be filled in order to get a Proforma invoice for registration fee

**REGISTRATION FEE**

Types of registration fee	Before 01.03.2026.	After 01.03.2026.
Participants	95 EUR	115 EUR
Members of PTEP and / or ISEKI - FA	80 EUR	95 EUR
Young researchers (below 35 years)	70 EUR	80 EUR
Master and PhD students (unemployed)	60 EUR	70 EUR

**The PTEP 2026 conference will be held on April 20 - 23, 2026, in Ivanjica, in the hotel Park.**

Applications and abstracts should be submitted until **January, 29th, 2026**, exclusively using online form [Abstract submission](http://www.ptep.org.rs), on a website of PTEP society, conferences section (<http://www.ptep.org.rs>). The abstracts should be written in English, 2000 to 3000 characters with spaces. Accepted abstracts will be published in the Book of abstracts of the PTEP 2026. Authors will be notified about acceptance of the abstracts by February 15th, 2026. Only abstracts of registered participants will be included in the Conference Programme. All important information regarding Conference will be available at webpage of PTEP Society (templates, registration and submission forms...).

It is recommended to authors to prepare extended versions of abstracts for submission and possible publishing as a research or review articles in the peer-reviewed open access Journal on Processing and Energy in Agriculture (JPEA), indexed in DOAJ. JPEA is a leading national journal (national M51category), publishing articles in Open Access format without fee, articles being published in English. Manuscripts intended for publication in the journal should be prepared according to the JPEA Instructions for authors (<http://www.ptep.org.rs/Sajt%20engleski/casopisen.html>) and submitted exclusively through the CEON platform (<https://aseestant.ceon.rs/index.php/jpea>) until February, 26th, 2025, for publication in the first issue for 2026, which will be available and distributed to the participants at PTEP 2026.

Papers and abstracts submitted in another way (mail, e-mail ...) will not be considered.

Within the INOPTEP 2026, satellite events will be also organized:

- **15th SEMINAR FOR SILOS TECHNOLOGISTS AND MANAGERS OF SILOS AND SEED PROCESSING**
- **Round tables on the topic of the MILLING INDUSTRY, MODERN TRENDS IN THE PRODUCTION AND DISTRIBUTION OF BIOFUELS, RENEWABLE ENERGY SOURCES AND THE CURRENT SITUATION ON THE ISSUE OF THE CARBON FOOTPRINT**
- **National workshop: SPECIFICS OF RECEIPT, DRYING, STORAGE AND PROCESSING OF GRAIN AND SEEDS DURING 2023**
- **Offers EQUIPMENT AND SERVICES for silos and seed processing.**

The following national institutions also support the Conference:

- Institute of Food Technology, Novi Sad;
- Maize Research Institute "Zemun Polje", Belgrade;
- Institute of Field and Vegetable Crops, Novi Sad;
- Faculty of Technical Science, Novi Sad and
- Faculty of Technology, Novi Sad.
